

Integrated Credit Card Processing

Employee convenience while saving money in one step!

Give your practice the easiest solution available for processing credit cards.
Get the only solution that integrates with Blueprint OMS.

Lower rate guarantee

- Blueprint's integrated credit card processing ensures that you save money from your current processing fees.
- By simply providing a current merchant services monthly statement, Merchant Preferred will provide an "apples to apples" pricing comparison demonstrating your lower rate and potential savings.

More great benefits

- Once underwritten, Merchant Preferred will work on your behalf and act as a liaison between you and the processing bank.
- A counter-top terminal is not needed.
- Advanced reporting
- Auto-settle feature eliminates the need to settle transaction batch totals each day.
- PCI Compliant

Streamlined and efficient

- Easy to Use – Simply swipe or key enter your patients' credit cards securely in seconds.
- Eliminate double entry – Payments are processed directly in Blueprint OMS and immediately posted to the patient's account.
- Securely store card details for future payments, including telephone orders.
- All major credit cards, including health savings cards, are accepted.
- Free up counter space with a small USB attached card swiper.
